Summary

An enthusiastic, creative and organized individual with a passion for building upon my computer programming skills.

SKILLS:

- ReactJS
- Java Script
- HTML
- CSS
- Jquery
- React Bootstrap
- React Router
- Debugging & Troubleshooting
- Photoshop
- Adobe Premiere Pro
- Microsoft Office Suite
- AJAX
- JSX
- Development Life Cycles

Work Experience

AKRF, Inc., New York, NY

2017 - 2020

Accounting Administrator - An environmental engineering firm

- Reported directly to the Controller and assisted with various audits in support of the company's financial health.
- Managed corporate credit card process, including the monitoring and reconciliations of over 50 credit cards.
- Managed the employee expense process which included the review of over 200 expense reports monthly.
- I left this company in 2020 to pursue a full time career and education in software engineering.

Programming Experience

ReactJs:

I created a functional store application with 13 components working together to perform all the aspects of a CRUD application. I used a combination of class and functional components with hooks consisting of useState, setState, useHistory, and more. In addition, I used React Router in order to create a multi page app with simple navigation. Finally, I used React Bootstrap, React Icons, and CSS in order to design and layout my application. [Check out my application!](#)

JavaScript, HTML, CSS:

I created a fully functioning tic-tac-toe game using Javascript, HTML, CSS, Bootstrap, Jquery, DOM manipulation, and AJAX.

Education

Ramapo College of New Jersey-----**2013 - 2017**

Major: Communications

Front-end Web Development-----**2021**

Where: Promineo Tech (Coding bootcamp)
